- 12:30 PM**     **Lunch Served**
- 1:00 PM**     **Welcome and Introductions**
- 1:15 PM**     **Program Updates**  
To keep you up-to-date on best practices in corporate footprint reporting, Registry staff will walk you through key updates for this year's reporting and verification cycle, introduce our new leadership program, Climate Registered, and provide a demonstration of the new and improved CRIS reporting platform in an interactive session.
- 2:30 PM**     **Break**
- 3:00 PM**     **Building a Better Inventory**  
What makes a good inventory? What makes a weak inventory? Candid discussions from a panel of Verifiers will identify the most common reporting errors and provide you with the tools necessary to build a solid inventory from the ground up.
- 3:45 PM**     **Voices of Experience: Making Your Inventory Work for You**  
Registry members provide an invaluable resource to help you both navigate the program milestones as well as find innovations in your operations. A Registry member shares lessons learned from building the inventory.  
  
What do you learn from the exercise of building your inventory? What are you seeing differently? Where are the opportunities for reductions? Learn how to put together an emissions reduction plan for your organization.
- 4:30 PM**     **Close**
